# CHURCH PLANTING IN UTAH

Volume 2, Issue 10 - October 2026

## SERVING OUR SISTER CHURCH

Last month, Andrew had the privilege of leading a team of volunteers tasked with framing Redemption North Ogden's new meeting space. Redemption North Ogden (RNO) is a two year old church plant, serving the North Ogden/Brigham City communities. Currently, the church is meeting in an event center, so leasing their own space will allow them to meet on Sundays and throughout the week without having to set up and tear down.

Over the course of seven days, walls and ceilings were constructed for classrooms, a restroom and sanctuary storage rooms. A platform and sound booth were also added to the once-empty warehouse space. Andrew felt right at home as he lead the group of volunteers and in the end, he also made many meaningful connections with those that offered their time to help. The goal is for RNO's congregation to start meeting in their new location by December. Please pray for this congregation as they work to complete the space on time.

## HEALING THREADS UPDATE

**Before**

**After**

We are happy to share a long overdue update from our friends at Healing Threads. You might remember, from our May newsletter, that we had the privilege of helping to construct an office/storage building for Healing Threads Ministries. During a very busy week in April, we managed to construct the building and get it roofed. In the time since, the siding, windows and front porch were completed on the outside.

Inside, ample space for supply storage lines the back and sides, and in the center of the room training and discipleship take place. To stand in this beautiful space with co-founder Johnny, you can sense The Spirit at work. As a result of this build, Johnny and his wife Ashleigh have seen their ministry grow by leaps and bounds. The Lord is opening doors for them to minister in local prisons, like never before. If you would like more info or specific ways to pray for this ministry, go to www.healingthreadsministries.com

UPDATE

## WHAT'S IN A NAME?

Recently, people have asked about the name of the new church plant. Questions like, " Weren't you planting a church in Syracuse?" and "Where is Lakeside on a map?" Originally, our target area was Syracuse, but we quickly learned that this region is extremely crowded and you could move from one city to the next simply by passing through stop lights. To focus on just one area while excluding neighbor "cities" seemed odd, so we turned our attention to the need in the region. (See map to the right)

Another factor for widening our scope was land availability. Syracuse is completely blocked in by the Salt Lake and various cities, without any space for future growth. Also, Syracuse and the surrounding cities are very populated with very little open land. When considering planting a church, it is not out of the ordinary to start in one meeting space and eventually move into a more permanent building. With this in mind, it didn't make sense to lock ourselves into one city when we may end up with a building, just down the road, in the next city. Thus, the name Redemption Lakside was born!

## THE BUILDING SEARCH CONTINUES

A few weeks ago, we were fairly confident we had discovered a place for Redemption Lakeside to call home. However, as of today, we're back to the drawing board. The lack of available meeting spaces and the high rent costs are making the search quite challenging. We will start meeting with our core team in November and we need a place to meet by then. PLEASE partner with us in praying about this urgent need. While the odds seem to be stacked against us, our God is greater and we know He will provide!

## REINFORCEMENTS FROM THE BLUGRASS STATE

We are thankful for those who answer the call to "go", especially when the mission is Utah. Early this month, we welcomed a small team from Crossroads Fellowship in Cadiz, KY. Although they were few in number, they managed to pass out approximately 750 door hangers announcing the new church plant, and bless several businesses and first responders with gift bags! Canvassing communities in this way brings much needed attention to the fact that Redemption Lakeside will be in their area soon. The Crossroads team poured their hearts and energy serving the Lakeside region and we will forever be grateful for their service!

## WAYS TO CONNECT AND PARTNER WITH REDEMPTION

As our launch draws closer, the need for new partners and connections increase. Already we have been blessed with faithful prayer and financial partners, but the need for added support multiplies with the start of a new church. To help raise awareness of the need for the gospel in Utah and connect with supporters, Andrew will be visiting with several churches and associations throughout the end of the month. His schedule is jam packed with meetings and opportunities to share with congregations on Sunday's and Wednesday's. As a new church plant, we will rely heavily on support from other churches and associations until we become self-sustained. Please pray that these meetings are fruitful and new support connections are made.

If you are already a Sutton/Lakeside supporter, but are looking for others ways to get involved in the church plant, we have compiled an Amazon wishlist of supplies needed for our congregation, like tables, chairs, etc. Scan the QR or click here to see Redemption Lakeside's needs and prayerfully consider how you can help. Already we have seen the Lord provide in miraculous ways and we can't wait to see Him do it again!

## Praises & Prayer Requests

- Pray for Andrew as he travels back east to touch base with supporters and create new support connections for Redemption Lakeside.
- Continue praying for the Paulk family.
- Continue to pray that we are able to find a meeting place for Redemption Lakeside, as well as the financial support to sustain it.
- Continue praying for the Syracuse community group.
- Praise for the mission team from Crossroads Fellowship in Cadiz, KY.
